What is England's Coast?

England's Coast is a new all-in-one marketing and booking tool which brings to life the wealth of experiences that can be enjoyed on the English coastline and enables visitors to create and book bespoke holidays.

We are undertaking an international marketing and PR campaign focused on raising awareness of the English Coast to generate new bookings.

This is a cutting-edge booking platform but also a resource for the domestic market.

England's Coast brings together every element of a holiday for the first time - accommodation, attractions, places to eat and transportation in to one easy-to-use platform.

And we'd like to invite you to be part of it.

OVERVIEW

England's Coast

Partnership Opportunities

The English coastline has been divided into eight areas, each with an overarching theme and hero itinerary.

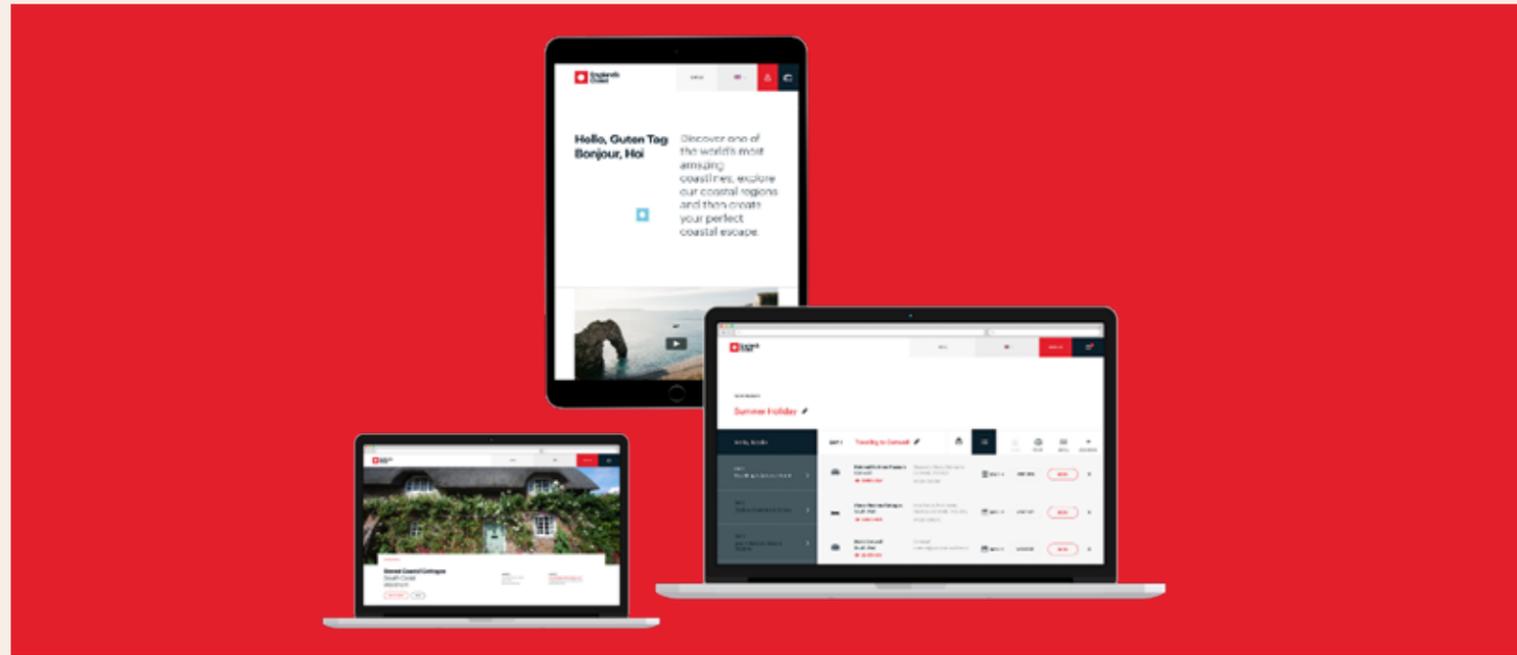

- North West - 'explorers' coast'
- Northumberland - 'wild coast'
- Durham & North East - 'reclaimed coast'
- Yorkshire - 'heritage coast'
- East coast - 'nature coast'
- South East - 'cultural coast'
- South coast - 'Jurassic coast'
- South West - 'active coast'

England's Coast targets consumers from Germany, the Netherlands, Spain, Italy & France and specifically:

- "Explorers" 40+ travelling without children
- Travelling in off-peak and shoulder periods

England's Coast is also a resource for the Domestic market

This project is supported by VisitEngland and 30 destinations around the coast.

CONSUMER WEBSITE AND ITINERARY BUILDER

England's Coast is a consumer website and itinerary builder, a marketing and booking tool all-in-one.

The itinerary builder allows visitors to create their ideal holiday, choosing where to stay, what to eat and do.

It showcases eight regions and holiday suggestions with over **1,400** businesses listed (increasing daily)

The website content is translated into:
German, Dutch, French, Spanish and Italian.

BESPOKE INTERACTIVE VIDEOS

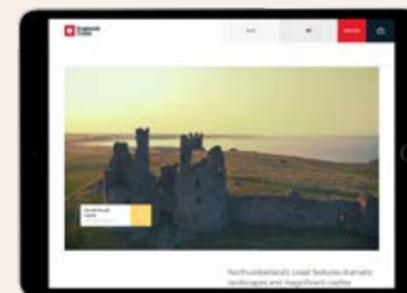

To inspire new holidaymakers we feature:

- New **"Highlights of the Coast"** video
- Eight new regional videos with interactive **"Add to Itinerary"** functionality
- Six **"holiday types"** videos (e.g. Self drive, camping, walking, cycling, public transport, packaged holidays)

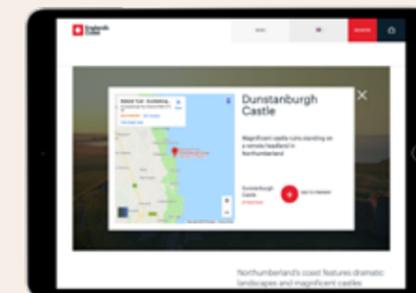

What are interactive videos?

Simply watch the video and click the interactive tag to be taken to further information on the location, then click 'add to itinerary'.

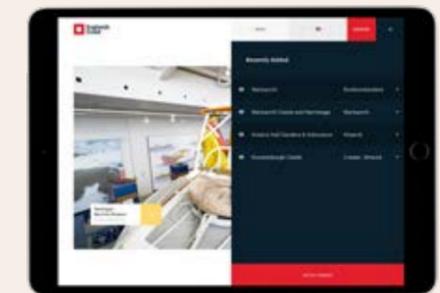

We save the chosen items in an itinerary basket which can then be sorted into days, printed out or emailed to a friend.

1. Click the location tag

2. See further information on the location, then click 'Add to Itinerary'

3. Locations added to the itinerary are stored in the 'Itinerary Basket'
